Re : Bankruptcy PlanB4You B.V. [C/01/16/135F]

This case is being handled by: mr. P.R. Dekker [lawyer]

Dear Sir or Madam,

You have submitted a claim within the context of the above-mentioned bankruptcy. On 1 October 2020, all creditors were requested via Claimsagent to forward an account number registered in the name of the party that submitted the claim. So far we have not received your account number and I therefore request that you send me your account number including the related registration by email (advocaten@dekkersmits.com). I point out in connection with the forwarding of your account number that the account number must be registered in the name of the person in whose name the claim was submitted. Payment will not be made if the registration of the account does not match the name of the person who submitted the claim.

The reason that I am already asking for your bank account number is that there are over 1,100 creditors who will all receive payment. The number of creditors means that we already wish to start completing all details required to be able to make distributions once the distribution list has become final.

So as not to delay the settlement, I would ask you in advance **not** to contact us by telephone. Individual questions by email or telephone regarding the progress of the bankruptcy will not be answered, you only have to provide your account number.

Kind regards,

P.R. Dekker
Insolvency practitioner
